A growing number of our customers have asked us to print cotton shoppers for them which encourage their local residents to shop local.

This initiative has been a great success for those involved and so we thought it would be a nice idea to offer these bags to all our customers who are playing their part in supporting their local community.

We have created 4 different bags where we can simply
ADD YOUR TOWN NAME
to our design or if you're feeling inspired you can come up with your own unique design.
